

Well, do you like the nails, the bag and my brooch?

My Story

My name is Lorna May. I am always happy and I like a good joke and a laugh.

I look forward to meeting my support worker, 'Samantha,' three days a week.

I like Samantha because she is so kind to me and we help one another.

My favourite activities I do when I am with Samantha are, collage, making brooches and a bag for my mobile phone. The bag I made has a fox on it. We are very creative.

Samantha paints my nails every week. She paints different patterns and colours. I love having my nails done.

I really enjoy going out for coffee and lunch. I get to choose where I want to go. Samantha helps me read the menu. We always chat and have a laugh.

I also love music.... My favourites are Maroon 5, Bruno Mars, Olly Murs and One direction. I like Harry Styles the best.

I am hoping to start gym class with Samantha soon. I want to keep fit.

By Lorna May

Two weeks later
I have done my induction for the gym, and I loved it.
Samantha is to be training me how to paint nails and then I am going to offer to my friends nails – I will charge them 50p.
